From a private letter received in this city from our friend Capt. D. H. Parker, which we were permitted to see, we learn that he is now at Colorado springs, and also that he is improving slowly in health. We would rejoice, with his numerous friends in this section, to learn of Mack's complete restoration to health.

Chattanooga, according to corrected census returns, foots up a population of 12,930, all told. Knoxville, according to Supervisor Newton's estimate, which may be increased yet, goes her nearly 1,000 better, figuring up a total of 13,823. Still, to hear the Chattanooga talk, one would think their town was fully double the size of our city.

The republican canvass, preparatory to the August election, will be formally opened in Knox county next Thursday at 1 p. m., by speaking at Thorn Grove. After that it will be kept blazing hot, with speeches by eminent speakers most every day, and in almost every district in the county, up to the day of the election, August 5th. The canvass will be wound up with a grand demonstration in Knoxville the night before the election.

Ten Years in the Penitentiary.

As we see from the Elizabethton Mountaineer, Butler Bowers, who murdered Nelson Bowers, on Stony creek, Carter county, several months since, an account of which appeared in the CHRONICLE, was tried in the circuit court at Elizabethton last week, convicted of murder in the second degree, and sentenced to the penitentiary for ten years.

PUBLIC SPEAKING.

By Judge Hawkins, Republican Candidate for Governor.

Judge Alvin Hawkins, the Republican candidate for governor of the state of Tennessee, will address the citizens of East Tennessee on the issues of the state campaign at the following times and places:

Knoxville, Wednesday, July 21.
Jackboro, Friday, July 23.
Huntsville, Monday, July 26.
Kington, Wednesday, July 28.
London, Thursday, July 29.
Sevierville, Saturday, July 31.
Maryville, Monday, August 2.

JUDGE HAWKINS IN KNOXVILLE

Next Wednesday Night.

Let All Come Out and Hear Him.

Judge Hawkins, the republican state credit candidate for governor, will speak in this city to-morrow night. The place will be announced in our next issue. The high character of the man, the importance of the questions he will discuss, and his ability as a speaker, ought to and will doubtless assure him a large audience.

THE REPUBLICAN CANDIDATE FOR SHERIFF.

Who He Is and What His Qualifications Are.

As one who knows C. B. Gossett, the republican candidate for sheriff of Knox county, and who has known him ever since he was ten years old, the editor of the CHRONICLE desires to say a few words about who he is and what he is. His father died when he was a very small boy, leaving him to the care of a widowed mother. From the time he was old enough to do so, he contributed to his mother's support by laboring on a farm in this county. Through his own industry and the industry and economy of his mother, he was enabled to attend such common schools as the country afforded before the war, and made considerable proficiency in his studies. But just at the time when he reached the age at which young men flush their education, the war came upon the country in all its fury. Early in 1862, Mr. Gossett, in company with scores of his neighbors, left this section for the purpose of enlisting in the Union army. In March 1862, when in his eighteenth year, he enlisted in company A, 6th Tennessee volunteer Infantry, and served throughout the war. His health was very poor, and he would have been entirely justifiable in seeking a less dangerous position during the rebellion. But notwithstanding this, he was always with his company at the front, and no man ever faced danger with more manly courage than C. B. Gossett. First as a private soldier and afterward as first sergeant of his company, no one ever complained that he did not do his whole duty. Whether on the long and arduous march or facing the foe on the field of carnage, he was always at his post and never failed to answer to his name when called. He never shirked any kind of duty.

After the war was over, he attended school for some time, and was noted especially for his proficiency in mathematics. He is well qualified to discharge the duties pertaining to the office of sheriff, as all will see when he is elected. If elected he will keep an office and a regular set of books, so that any one having business in his hands will always be able to tell just what is being done with it. This he is qualified in every respect to do.

He is a poor man, having always earned his bread by the sweat of his face, but we know of few men who are better qualified to fill the office of sheriff than he. If he is elected, as we will be, by a good majority, the people of Knox county will never have any reasons to regret the choice they have made.

PUBLIC BENEFACTORS. Harvey Jenner, Guthrie, and other discoverers of great facts in medical science, have been properly called the World's Benefactors. Whoever succeeds in lessening the pain and dangers of the human family deserves no less a title. HUNT'S REMEDY, the Great Kidney and Liver Medicine is a medical marvel. It cures all Complaints of the Kidneys, Bladder, Liver, and Urinary Organs—even Bright's Disease—and it saves valuable lives by the thousand.

THE NEW SCHEDULE

In the running of trains over the E. T. & G. railroad took effect with train No. 4 leaving Chattanooga Sunday. It leaves that place at 7:40 p. m. Just one hour later than heretofore, arrives at Knoxville 11:54 instead of 11:08, and reaches Bristol at 5 o'clock the next morning, instead of 4:25. No. 3, passenger train, west, leaves Bristol at 10:02 p. m., instead of 10:37, arrives at Knoxville 2:45 a. m., instead of 3:34, and arrives at Chattanooga at 7:15 a. m., just one hour earlier. These trains pass through Morristown about half past one o'clock a. m.

The only changes in the day mixed trains are that No. 1 leaves Bristol at 5:10 a. m., ten minutes later, and No. 2 arrives at Bristol 11:45, fifteen minutes earlier than heretofore. The time at Knoxville and Chattanooga of each train remains unchanged.

A woman's beauty is never lost so long as her sweet smile remains—So long as gleam her teeth like frost, And her soft lip the ruby stains; And SOZODONT, with magic power, Bestows on her this priceless dowry.

Harmon, the Forger, taken to Nashville.

Capt. S. P. Evans, United States marshal, left on the noon train yesterday for Nashville, having in custody Henry Clay Harmon, of Campbell county, who was sentenced in the federal court last week to two years in the penitentiary and to pay a fine of \$100. Harmon, it will be remembered, was tried and convicted at a former term of the court of the crime of forgery in connection with some pension papers. He was on bond and as soon as the verdict of the jury was announced in court Harmon skipped out. He has been out of pocket ever since till this term he was surrendered by his bondsmen and sentence passed upon him.

PERILS OF RAILROADING.

A Colored Brakeman Falls from a Train and Receives Injuries Which Result in His Death Soon After.

Sunday night, as the western bound freight leaving Knoxville at 8:20, Capt. Taylor Williams, conductor, was passing Ebenezer, Wesley Kyle, colored, a brakeman on the train, fell from one of the cars and was run over. The alarm was given and the train stopped at once. It was found that his right leg from near the body, the entire length, almost, was very badly mangled, as was also the left foot. Wes. said he slipped from the top of the train by making a mistake, and hurt himself in falling. He was struggling to get up when he was borne under the wheels and received the fatal injuries.

He was not killed outright, but suffered intensely. He was taken on the train till the midnight passenger train was met, and on that brought back to Knoxville. Surgical aid was summoned, and it was found necessary to amputate both the right leg and left foot, so badly mangled, but about day light yesterday morning the poor sufferer's pains were relieved by death.

Preparation was made and the remains were taken upon the early freight train to his home at Mosey Creek. Wes. was a young man, unmarried, a brother of Luther Kyle, a well known Knoxville barber, and had been on the road only about six months.

IT IS NOT NECESSARY to keep on taking this medicine continually, using a syringe, or dosing day and night for months at a time; the bowels are restored to regularity, the digestion strengthened, the blood purified, the bad breath made sweet by a short systematic use of Simmons' Liver Regulator, it leaves the system in a healthy condition after its use, which saves the patient from continual dosing.

"I was cured by Simmons' Liver Regulator, having applied for the medicine while in a most wretched condition some two months ago, and now am so changed a man that I am a subject for congratulation by my family."

Notes from Tate Spring.

A friend at Tate Spring writes us that on Friday last there were about 230 guests on the grounds at that favorite resort, all having a splendid time, and new ones continually pouring in. There were about thirty arrivals again Saturday night, and parties who came from there yesterday say about twenty came in Sunday morning, which would swell the attendance near to 500.

Our correspondent writes that the guests engaged in a large phantom ball Friday night, which was a very enjoyable affair. Mr. S. T. Logan, of our city, who has been at Tate's quite ill for some time, is reported as improving slowly.

Personal.

Mr. W. S. Tipton, our jovial and corpulent friend of the Cleveland Herald, spent Sunday in Knoxville, and returned home yesterday.

Hon. H. M. Witte, of Chattanooga, was in the city Sunday, registered at the Lamar House.

Messrs. E. A. Akers and family, H. D. Carhart and wife, and W. S. Mead and son, were among the arrivals from Tate Spring on yesterday's noon train.

Messrs. Lloyd Branson and J. E. Luiz, of this city, who have been at Tate Spring for a week, have gone as we understand, to put in some time at Warm Springs.

Miss Susie Oates and Birdie Walker have just returned from Heiskell's station where they spent several days very pleasantly with friends.

Mrs. S. P. Condon, her sister, and Mrs. Fred O'Connor leave this morning to spend the heated term at Henderson's springs and adjacent points.

Eighth District Notes.

POWELL'S STATION, July 19

MR. EDITOR: The republicans of the 8th district of Knox county organized a Garfield and Arthur club at this place Saturday evening, with thirty members to begin with, C. W. Karns, president, Nathan York, Henry Weaver, W. M. H. H. R. A. Harrison, vice president, and Luther Brown secretary.

H. R. Brown made a rousing speech of the true republican metal ring. We are expecting T. A. B. Nelson and W. Rule next Saturday to open the campaign at our place.

Wheat threshing is nearly done. The largest yield per acre, that of S. W. Bishop, is thirty eight bushels from three acres. Corn is booming, and weeds too. Oats, except the winter varieties, are a failure.

W. A. A. Conner, E. q., is the choice of this section for representative.

The 12th Thoroughly Answered.

A rousing republican meeting was held last night at the Middlebrook school-house, in the lower end of the 12th district of Knox county, which was very numerous attended, and was in every way a success. The audience was addressed at some length by Wm. Bule, editor of the CHRONICLE, on the issues of the canvass just now upon us.

A Garfield and Arthur club was organized with Capt. J. K. Lones, president, and 52 names were enrolled on its membership. The lower end of the old 12th may be safely set down as thoroughly alive on the county republican ticket, and will make itself felt in the August contest.

The time has been when diseases of the Kidneys were considered serious ailments, but fortunately all fear of any fatal results from these troubles are now dispelled by the certainty with which DAY'S KIDNEY PAD always acts.

The Craze Over the Minstrel Free Show.

Robinson's circus would not surpass in drawing a crowd of Knoxvilleans, especially the colored people, the educated pony, its owner, Dr. Key, colored, and his minstrels, who have been doing our city for a few days, the latter furnishing the chief attraction. Yesterday evening their appearance on Market square was the occasion of the assembling of an immense crowd of all colors, ages and sizes, and it was a fearful mob for a few hours, as long as the show lasted. The square, the storehouse-tops and every available spot were jammed and surging around at such a rate that it is a great wonder lives were not lost. In fact, the wheels of business were almost completely clogged, and there was considerable complaint that the city authorities ought to suppress the mob. He was finally stopped from the exhibition of the educated pony on account of the market. The free show went on, however, and held great crowds of men and women, mostly colored, listening to the wonderful minstrel "Sam" till almost midnight, and even then they departed seemingly reluctant.

Physicians all admit that Quinine only effects a temporary suspension of the attacks of Fever and Ague, preceded unless by a reliable anti-bilious Medicine.

The testimony of thousands establishes beyond a doubt, that Dr. Tait's Liver Pills, followed by Quinine, is a permanent cure for Chills and Fever and all Bilious diseases.

Big Fish Story.

The Chattanooga Times gets off a huge fish story, to the effect that some fishermen, while running a trot line a few days since in the Tennessee river, about forty miles below Chattanooga, found hanging thereon a cat fish, which was gotten out with much difficulty and by the use of a ferry boat, and found to weigh 250 pounds. Largest on record, if true.

A prominent merchant of Holly Springs, Miss., writes under date of Nov. 19, 1877: "Tait's Pills are doing mighty wonders in this state, and are becoming more popular every day. Their sale exceeds that of every other pill combined. They are peculiarly adapted to malarial diseases, and all our physicians prescribe them in their practice."

I. H. ATHEY.

A Down-town Merchant.

Having passed several sleepless nights, disturbed by the agonies and cries of a suffering child, and becoming convinced that Mrs. Winslow's Soothing Syrup was just the sole needed, I used a supply for the child. On reaching home and saying nothing to the wife, she was so relieved to have administered to the child, as she was strongly in favor of homeopathy. That night the child passed in suffering, and the parents without sleep. Returning home the day following, the father found the baby still in the same condition, and while contemplating his wife's sleepless night, the mother stopped from the room to attend to some domestic duties, and left the father with the child. During her absence he administered a portion of the Soothing Syrup to the baby, and said not a word. That night all hands slept peacefully, and the little fellow awoke in the morning bright and happy. The mother was delighted with the sudden and wonderful change, and, although at first offended at the deception practiced upon her, has continued to use the Syrup, and suffering, crying babies and restless nights have disappeared. A single trial of the Syrup will convince you of its value, and overcome the prejudices of the mother. Sold by all druggists. 25 cents a bottle.

Do You Want Health?

Why will ye die? Death, or what is worse, is the inevitable result of continued suspension of the menstrual flow. It is a condition which should not be trifled with. Immediate relief is the only safeguard against constitutional ruin. In all cases of suppression, suspension or other irregularity of the "courses," Brindley's Female Regulator is the only sure remedy. It acts by giving tone to the nervous system, improving the blood and de-mitting directly to the organs of menstruation. It is a legitimate prescription, and the most intelligent physicians use it. Prepared by Dr. J. Brindley, Atlanta, Ga. \$1.50 per bottle. For sale at wholesale by Sanford, Chamberlain & Albers, Knoxville, Tenn.

NOTICE, ALL, July 7, 1877.

Bradfield's Female Regulator has been thoroughly tested by me in a great variety of cases, and I am fully convinced that it is unrivaled for all that class of diseases which it claims to cure.
